MAXWORK Direct User Guide

This is a user guide to help MAXWORK Direct app users.

01. How to Start MAXWORK Direct

Click on the link to download the MAXWORK app from an email notification on access to MAXWORK services sent by an administrator.

Google Play: https://play.google.com/store/apps/details?id=com.maxst.mint.app App Store: https://apps.apple.com/us/app/id1501344206

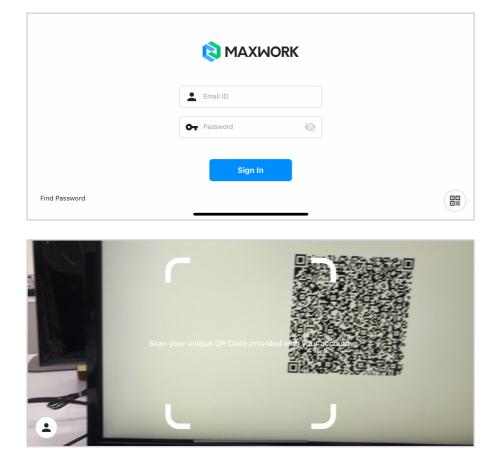

02. Log In

Log in to MAXWORK Direct with the user ID, password or QR code sent from an administrator.

• ID/Password: Enter the user ID and password to log in.

• QR code: Scan the personal QR code sent along with the ID to log in. The QR code log-in button is located on the bottom right corner of the screen.

• Find Password: If you forgot your password and need to reset it, click Find Password.

03. First-Time Log In & Change Password

After you log in to MAXWORK for the first time by typing in the ID and password, the next step is to change the password that was randomly assigned by your administrator. You can skip this step if you do not want to change your initial password.

i You won't go through this step if you log in to MAXWORK for the first time with the QR code. You can change your profile picture or password in Settings.

Welcome to MAXWORK.	
We highly recommend that you register a profile image and change the password.	
Start	

Re	gister Profile Image
_	Register SKIP
	Change Password
Current Password	
New Password	
Confirm New Password	
Your password must be all	ohanumeric and between 6 to 16 characters long.
	Change SKIP

If you change your password, your personal QR code will change as well. Make sure to download the new QR code from the password reset confirmation email.

04. Settings

You can change your profile picture or password in Settings. It is best to choose the profile image that is different from other users as it will be displayed during the one-to-many MAXWORK Remote calls.

06. Project List

Select the Direct menu to view the list of all projects created with MAXWORK Create.

<		Direct Project List	۹	•••
	Facility Check			
	My Project			
	MAXST Onboarding			
	MAXST Introduction			
	MAXST Printer			
	My Project			

07. Search

Search allows you to quickly find the project or task you are looking for. Select from search results to access the selected project or task.

		٩	Project sear	ch)	CLOSE
Facility	/ Check						
My Pro	oject						
	q w	е	r	t y	u	i o p	
	а	s	d f	g	h j	k I	
		z	х с	V	b n	m	
	123			space		search	Ŷ

08. Preview Code

Click the more icon(...) and select Task Preview. Enter the task's Preview Code from MAXWORK Create.

i Preview Code can be found in the task creation screen in MAXWORK Create.

<		Direct Project List		۹	
	Facility Check		Task Preview		
	My Project				
	MAXST Onboarding				
	MAXST Introduction				
	MAXST Printer				
	My Project				
					×
		Task Preview			
	Ente	r a preview code to check the task not published on the app.			
		Enter a preview code.			
		You can find a preview code at MAXWORK Create.			

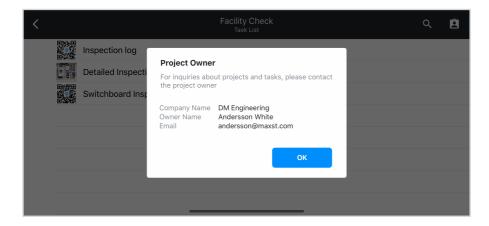

09. Task List

If you select a project, you can view the list of all tasks published in MAXWORK Create.

<	Facility Check _{Task List}	Q	Ê
	2 Inspection log		
	Detailed Inspection Method		
	Switchboard Inspection Sequence		

10. Project Owner

Tap the Project Owner icon(()) to get further information regarding Project Owner.

11. Learn Environment

Select a task and allow MAXWORK DIRECT to learn the environment for augmentation. Slowly move the camera to widely cover the area around the target. When learning is complete, it moves to target recognition.

12. Recognize Target

Point the camera at the target of the selected task.

13. Augment Content

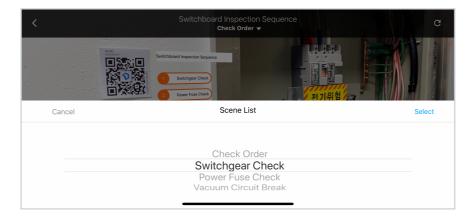

Once the target is recognized, AR content will be augmented.

A If the position of the AR content is not accurate, click Restart to learn the environment again.

14. Go to Scene

Select from Scene List at the top or click the button with the Go to Scene action.

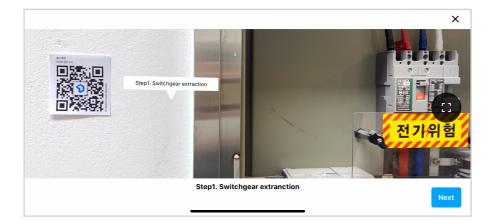

i Buttons with actions are highlighted in blue.

15. Step Guide

Step Guide allows you to browse instructions for each step.

17. Pause Screen

Click Pause Screen(
) to pause the augmented screen and check the AR content.
